

LUCAS COUNTY PRESENTS A CLASS ON

Clutter Free Living

Learn how to declutter your space in 2024
– It's free, so mark your calendar now!

Join us to learn how to manage everyday items like household goods, clothes, paper items, and living space. There is no single “right” path for everyone to follow, but there are recommendations for everyone. Learn how to make informed decisions and create your own step-by-step plan. We will share tips and creative solutions in this free class!

These classes are open to the public, taught by a Family and Consumer Science Educator from The Ohio State University Extension.
