

Take the time to take your training online.

Environmental Health and Safety has updated many of their online safety training programs to the new BuckeyeLearn system. This system is a university-wide online training tool, allowing learning and training opportunities to be easily accessed by the university community of faculty, staff, and student employees.

Some of the available safety trainings include:

BUILDING EMERGENCY ACTION PLAN

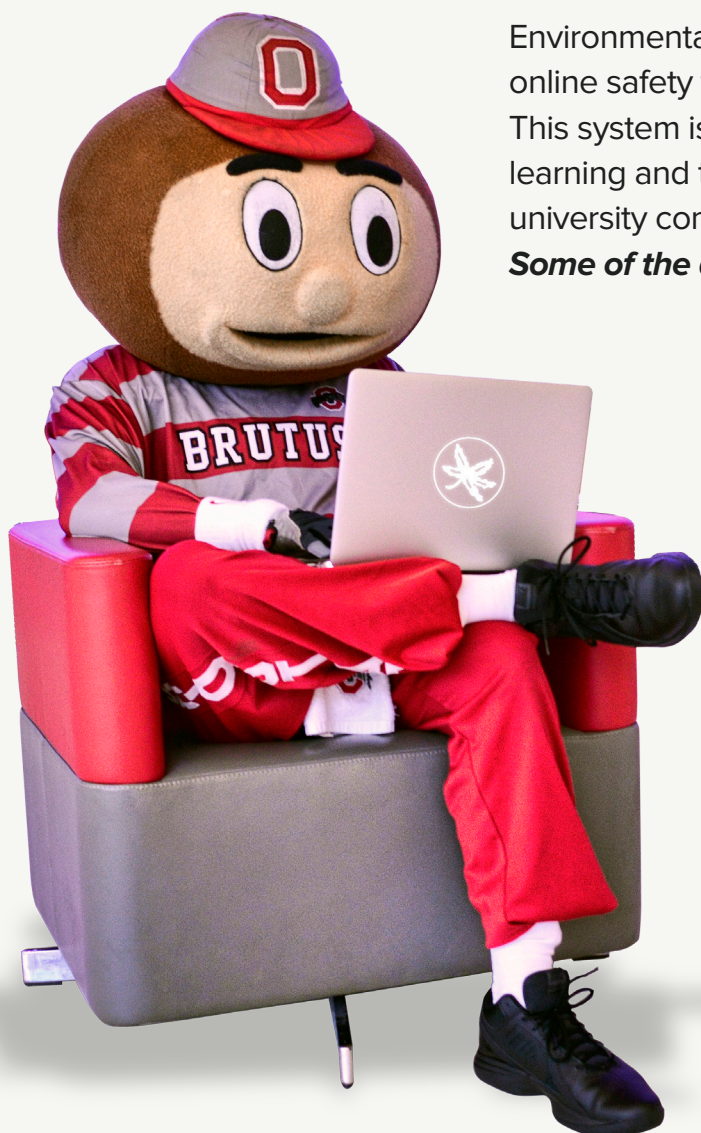

ELECTRICAL SAFETY

FIRE EXTINGUISHER USE

HAZARD COMMUNICATION

PERSONAL PROTECTIVE EQUIPMENT

and many more!

Complete your safety training at ehs.osu.edu/training.
