

Pelotonia Registration Instructions

Go to [Pelotonia.org](https://pelotonia.org) and select your registration type from the dropdown “Register” on the left hand of the navigation bar. There are three registration options:

1. Riders choose a route, pay registration fee of \$150, and commit to raising a minimum amount of funds that is based on the length of your ride.
2. Virtual riders pay no fee, and commit to raising \$100 in solidarity with the riders on the road*. This is a great option for people with time conflicts or other concerns riding Pelotonia weekend!
3. Volunteers commit to a certain time slot and location. Fundraising is optional.

When you click on the type of registration, it will prompt you to indicate if you a returning rider (log in) or a new rider.

- Selecting new rider will generate a new ID that can't be paired to a previous ID, so if you are a previous rider select “returning rider” even if you can't remember your password.

The registration will prompt you for a birth date, then personal information, then ask you to select a team or “peloton”.

- Select **Team Buckeye–CFAES Sustains Life**.
- If you check the box indicating “living proof”, you are indicating to be a cancer survivor (or in treatment) and this will be indicated on your profile.
- If you check the box indicating “high roller”, you are committing to raising at least \$5,000.
- There is the option to donate to your own ride. You can do this at a later time as well.

* Before completing registration, you will checkmark the fundraising commitment statement. This indicates you are aware that your credit card will be charged the full amount of your fundraising commitment on October 5 if you do not reach your goal.
