

Agricultural Fertilizer

3 Hour Certification Training

Tuesday, February 15, 2022

2:00 P.M. – 5:00 P.M. • OSU Extension Fayette County

This meeting will fulfill the three-hour requirement for private and commercial applicators who need the Ohio agricultural fertilizer applicator certification.

Who should attend the training? Fertilizer certification is required if you apply fertilizer (other than manure) to more than 50 acres of agricultural production grown primarily for sale. If you hire a co-op or other custom applicator to make your fertilizer applications, you do not need the certification. This training is for **private and commercial applicators**.

What will be covered? Best management practices will be the basis of the agricultural fertilizer certification training with a focus on fertilizer applications that have the appropriate rate, timing, placement and source.

This is an in-person meeting located at:

OSU Extension Fayette County, 1415 US Hwy. 22 SW, Washington C.H., OH 43160

Cost: \$30 payable to OSU Extension

(Stop by the Fayette Co. Extension office to pay before or pay the day of the training.)

Registration is REQUIRED and limited. Please register by calling 740-335-1150

Contacts/Hosts: Ken Ford, ANR Educator, Fayette County, ford.70@osu.edu, 740-335-1150

Trevor Corboy, ANR Educator, Greene County, corboy.3@osu.edu, 937-372-9971 ext. 114
