The **Ohio State University Extension Master Gardener Volunteer Program** provides intensive training in horticulture to interested Ohio residents, who then volunteer their time assisting with educational programs and activities for Ohio residents through their local OSU Extension county office.

Volunteers are not required to have gardening skills or knowledge; but a passion for learning about gardening and sharing this knowledge with others is a must!

Working with county Extension personnel, Master Gardener Volunteers provide such educational services to their communities as: answering gardening questions from the public; conducting plant clinics; gardening activities with children, senior citizens, or disabled persons; beautifying the community; and developing community or demonstration gardens.

Educational Topics Covered

- Introduction to Extension and Master Gardener Volunteer Program
- Botany
- Soils and Fertilizer
- Entomology, Integrated Pest Management (IPM), and Pesticides
