**OSU EXTENSION'S WATER QUALITY TEAM PRESENTS**

Water Quality Wednesday: Cover Crops, Volume 1

Join the OSU Extension Water Quality Team for their annual winter webinar series focusing on agriculture and water quality.

This webinar is the first of a two-part series covering important topics related to cover crops. **Rachel Cochran**, Water Quality Extension Associate from OSU Extension will cover the **basics of cover crops and the relationship they share with water quality**. Then, **Timothy Reinbott**, Director of Field Operations at the University of Missouri Agricultural Research Stations, will discuss **slug and vole control in cover crops**. Finally, **Anna Morrow**, Senior Program Manager for Midwest Cover Crops Council, will give an **overview of the resources MCCC can provide**. Stay tuned for Cover Crops Volume 2, airing on Feb 22.

The live webinar will offer 1.5 CEUs for Certified Crop Advisers (CCAs) and 1.5 CEUs for Certified Livestock Managers (CLMs). The recorded webinar will be posted to the OSU Agronomy Team YouTube page, under the Water Quality playlist. The recorded webinar will not offer any CEUs.

For more information or to register, visit go.osu.edu/WQW.

For questions, contact Courtney Krieger at Krieger.117@osu.edu or (419) 337-9210.
