

Madison County Jr. Fair Sale Change for 2021

Contact the Madison County Sales Committee at madisoncountysalescommittee@gmail.com with any questions.

Beginning 2021, the Madison County Jr. Fair Livestock exhibitors will have the option to take their market livestock projects home versus sending the animal to the packer at the fair and still be allowed to be a part of the premium sale. All project requirements must be met, such as showmanship, quality assurance, skill-a-thon, etc. as in previous years to sell in premium sale.

However, per state mandate, all Grand and Reserve Champion market animals MUST still go on to slaughter and cannot be taken home. Furthermore, exhibitors that plan to take their animal/project home, must declare during entry at the June 1 deadline to allow the Madison County Fair Sale Committee time to supply the packer with shipping numbers. Those exhibitors taking their projects home must also wait to be released before doing leaving with those animals.

Here is a quick list of meat processors in Ohio to try for open spots. This is not an exhaustive list, nor do we know if they have any open spots available.

- Cavens-Conover, OH 937-368-3841
