

Are My Data Included in the GME Repository?

Data are included in the GME Repository if they meet *all* criteria in *one* of the following conditions sets:

Condition Set 1

1. The data were collected during the 2020-2021 academic year *or later*.
2. The Program Director approved the curriculum as a required component of the Program.
3. The data were collected as part of regular trainee and program evaluation.
4. The data are identifiable.

Condition Set 2

1. The data were collected during the 2020-2021 academic year *or later*.
2. The Program Director approved the curriculum as an optional learning experience for trainees.
3. The learning experience is available to all trainees.
4. The data were collected as part of regular trainee and program evaluation.
5. The data are identifiable.
