FlowJo™ Software v10 Training
University of Chicago

WHEN:
Friday, November 17th, 2023

LOCATION:
In-person at BSLC R023 and virtual by Zoom

Intro to FlowJo™ Software Seminar
1:00-2:30 PM CT
Learn how to use the FlowJo™ workspace, including how to initiate a basic gating scheme, generate tabular and graphical layouts, evaluate sample quality, and perform compensation. Designed for those new to the software.

Individual Support Sessions
3:00-5:00 PM CT
Following the seminar, there will be an opportunity for one-on-one 30 minute appointments with the speaker. Bring your questions and data for discussion! Appointments are limited and will be offered in the order requests are received. Book your individual session: https://shorturl.at/GJ279

Register for seminar: https://info.flowjo.com/chicago-nov-2023

PRESENTED BY:
Veronica Obregon-Perko, PhD
FlowJo Application Scientist
