*Unfortunately, we know that sometimes things don't work out as we hope they will. Now I'm going to ask you about what barriers might stop you from getting more education in the future. You can see this chart has eight categories: lack of intelligence, peer pressure, lack of effort or seriousness, sexual relationship/marriage, lack of money, poor quality of schools, and poor health. Now, think about which of these barriers will cause the most difficulties for you in trying to reach your educational goal. Take these 10 beans and distribute them to the different categories to show how much you think each category will affect your life. You don't need to put beans in each category- if you don't think a category will cause problems for you, just leave that one empty. Putting more beans into a category means that you think it will cause more problems for you in terms of your own education. And remember, this is talking about your future schooling, not what has already happened to you in the past.*

**INTERVIEWER: POINT TO EACH CATEGORY ON CHART AS YOU DESCRIBE IT. AFTER R HAS DISTRIBUTED THE BEANS, DESCRIBE WHAT THE BEANS TELL YOU ABOUT WHAT THEY THINK ABOUT THEIR EDUCATION, AND CONFIRM WITH R THAT THIS IS WHAT THEY MEANT TO SAY.**
