Thurs April 28, 2022 3-4pm CST [Register here](#)

Ill-Gotten Gains: The Inequity of Rising Medical Debt and How States Can Respond

In this webinar, we will be joined by advocates from three states that have recently enacted medical debt protections. The speakers will discuss the potential impact of these new laws, as well as their experiences advocating for such measures. In discussing the strategies they used to pass medical debt protections, the speakers will share their knowledge with advocates and policymakers looking to enact similar medical debt protections for their own states.

Illinois Rural Health Summit: Policy Briefs and Webinars

The pandemic laid bare major cracks in health, economic, social service and education systems but also demonstrated the great innovation in rural communities. The Department of Population Science and Policy is seeking health policy, research and community support staff with bachelor's or master's degrees with backgrounds in public health, health services, children's health and/or community health (or related fields) to join our team.

View [vacancies](#) (search for the Department of Population Science and Policy) or contact [Heather Whetsell](#) for more information.
