### Announcing New GPHAP Mentorship Program

We are happy to announce the launch of a new GPHAP Mentorship Program. This is in response to the expressed desire of GPHAP students to have a way to connect with GPHAP Alumni. There are 23 GPHAP Alums who are ready to connect with you in a mentorship role. Laura will send you information about the Mentors. You can then let Laura know who you would like to be paired with, and she will make the connections based on the responses. Many of the mentors have indicated they are willing to connect with more than one student. The responsibilities of the Mentors and Mentees are:

Mentees Responsibilities:

- Make initial outreach to the Mentor after the connection has been made.

Mentor Responsibilities:

- Respond in a timely manner (2-3 business days) from student initial outreach
- Minimum of 1 phone call or coffee chat (if possible given your location) between Feb 1 and April 30, 2020

Stay tuned for more information about the Mentorship Program and how to sign up for a Mentor!
