December 18, 2019: Health & Medicine Talks on Demystifying the Healthcare Debate

As we get closer to the 2020 elections, have you found yourself asking, 'What is Medicare for all? How would Single Payer change healthcare? What's a public option?' Many Democrats running for president as well as energized members of Congress are talking big about health care again. Which means lots of jargon, op-eds, and conflicting opinions.

Join us for our next Health & Medicine Talk on Wednesday, December 18th to unpack the various proposals for expanding healthcare. Guided by journalist and health policy expert Merrill Goozner, come away better informed about this crucial issue, the proposals on the table, and what could work to achieve healthcare for all.

At Katten Muchin Rosenman LLP

525 W. Monroe Street, FL 19

Chicago, IL 60661

5:30 reception / 6:00 presentation / 6:45 discussion

To RSVP, please email KLoda@hmprg.org by December 11.

Jan 30, 2020: Struggles and Strategies for Survival Beyond the Walls of Jail

In this webinar Louie Diaz, a substance use disorder counselor and re-entry specialist with the Middlesex County Sheriff's Office, will share his own story of substance use disorder and incarceration as well as the work he is doing in the cities of Lowell and Lawrence, Massachusetts to address the addiction crisis. He will discuss what it was like to be followed by a film crew for 5 years as this documentary was being made. He will also share why this film is important as we begin to treat substance use disorder as a public health issue instead of a law enforcement issue.

Previously Listed Events**Thursday, December 5: Merging Parallel Tracks: Integrating Behavioral and Social Health to Provide Whole-Person Care**

Front-line clinicians and community health workers see firsthand how the intersection of behavioral and social health impacts patients - but often adopt solutions in isolation. In this 60-minute interactive webinar, three primary care leaders discuss opportunities to integrate behavioral and social health to reduce fragmentation in primary care transformation. Panelists will share strategies and examples of how they have sustainably transformed their care models to better match patients' needs and how they have extended these approaches into their communities to support population health.
