Co-curricular Submission

Graduating Students must have all their co-curriculars completed and uploaded on the GPHAP Canvas site by Friday, June 5 at 11:59 pm.

Students who are not graduating should have their Spring co-curricular uploaded onto the GPHAP Canvas site by Friday, June 15 at 11:59 pm. Only 1 co-curricular is required this quarter because of COVID-19. Those who are graduating in June 2021 should have 7 co-curriculars posted by June 15.

Student Audit Form

Graduating students need to complete the GPHAP Audit Form and submit to Laura by **Friday, June 5**. The form was sent to all students via email and is posted on the GPHAP Canvas site. The Audit Form asks that you list your GPHAP courses, practicum, and your co-curricular topics.

LinkedIn GPHAP Alumni Group

If you haven't already, please request to **Join** the GPHAP Alumni Group on LinkedIn. Stay connected after graduation and let us stay connected to you. In the LinkedIn search box, search for GPHAP, then go to the "More" tab and click on the arrow to show the drop-down menu, click on Groups, then click on "University of Chicago Graduate Program in Health Administration and Policy."

Opportunities

IDPH Contact Tracing

Interested in participating in COVID-19 contract tracing? The Illinois Department of Public Health (IDPH) is seeking interested individuals to support local public health authorities to perform COVID-19 contact tracing. The recruitment effort is through a partnership with the state, local public health authorities, healthcare entities and community-based organizations. Hiring Contact Tracers will depend on the needs of the local public health authorities and by region of the state. For more information please visit [here](#).

Center for Healthcare Delivery Science and Innovation (HDSI) COVID-19 Innovation Challenge.

To help serve the needs of our patients, providers and community during this healthcare crisis, HDSI is seeking submissions for ideas and requests for support for innovative solutions to address the COVID-19 pandemic.

No idea or request is too small. Simply submit an idea that can be forward to administrative and clinical leaders, or request support to design, implement, and/or evaluate innovative solutions to address the unique COVID-19 healthcare delivery challenges before us.

Themes may include but are not limited to:

- Screening (eg. evaluating drive thru-testing)
- Testing (eg. developing rapid tests)
- Personal Protective Equipment (eg. evaluating new signage for donning/doffing)
- Designing Supplies or Devices (eg. face masks, ventilators)
- Promoting Patient Access (eg. group telehealth visits for patients with chronic disease)
- Increasing Awareness (eg. evaluating the reach or impact of videos or graphic narratives)
- Supporting Resilience (eg. mental health innovations for employees, patients or families)

Resources HDSI can provide include:

- Funding (up to \$10k/proposal)
- Human-Centered Design Expertise
- Project Management
- Rapid Connections to University and/or community resources

Ideas and requests for support will be reviewed on a rolling basis. HDSI will respond to all requests for support within 5-7 business days.

For more information and how to apply please follow this [link](#).
