

## Leon I. Goldberg Memorial Lectures

---

	Guest Speaker	Title
1992	Professor Sir Colin Dollery Dean of the Royal Postgraduate Medical School London, United Kingdom	Clinical Pharmacology and the New Biology
1993	Raymond Woosley, M.D., Ph.D. Professor of Pharmacology and Medicine Chairman, Department of Pharmacology Georgetown University	Antihistamine Induced Cardiac Arrhythmias
1994	Peter J. Barnes, M.D., Ph.D. Professor and Director, Department of Thoracic Medicine National Heart and Lung Institute, University of London Honorary Consultant Physician Royal Brompton National Heart and Lung Hospital, London	Molecular Mechanisms of Antiasthma Therapy
1995	Lewis B. Sheiner, M.D. Professor, Departments of Laboratory Medicine Medicine, Anesthesia, and Pharmacy University of California-San Francisco	Do Today's Clinical Trials Tell Us What We Want To Know?
1996	Louis Lasagna, M.D. Dean for Scientific Affairs, School of Medicine Dean, Sackler School of Graduate Biomedical Sciences Director, Tufts Center for the Study of Drug Development Professor of Psychiatry and Pharmacology Tufts University	Optimizing Pharmacotherapeutics
1997	Richard M. Weinshilboum, M.D. Professor of Pharmacology and Medicine Mayo Medical School Director for Education, Mayo Foundation	Thiopurine Methyltransferase Pharmacogenetics: Individualization of Mercaptopurine and Azathioprine Therapy
1998	Edward M. Sellers, M.D., Ph.D. FRCPC Director, Psychopharmacology and Dependence Research Unit Professor of Pharmacology, Medicine and Psychiatry University of Toronto	Pharmacogenetics: Making and Unmaking Addicts
1999	Brian L Strom, M.D., M.P.H. Professor and Director Center for Clinical Epidemiology and Biostatistics University of Pennsylvania School of Medicine	Pharmacoepidemiology: Past, Present, and Speculations as to its Future
2000	Jeffrey M. Drazen, M.D. Parker B. Francis Professor of Medicine Harvard Medical School Chief, Pulmonary and Critical Care Division Department of Medicine Brigham and Women's Hospital	Pharmacogenetics in Asthma

---

---

2001	Dan M. Roden, M.D. Professor of Medicine and Pharmacology Director, Division of Clinical Pharmacology Vanderbilt University School of Medicine	Variability in Response to Drug Therapy: Lessons from the Treatment of Arrhythmias
2002	Neal L. Benowitz, M.D. Professor and Chief, Division of Clinical Pharmacology Departments of Medicine, Biopharmaceutical Sciences and Psychiatry, Schools of Medicine and Pharmacy University of California, San Francisco	Nicotine: Understanding and Preventing the Tobacco Plague
2003	Daniel D. von Hoff, M.D., F.A.C.P. Professor of Medicine and Director Arizona Health Sciences Center Cancer Therapeutics Program	Pursuing Therapeutic Development Targets That Are Not There
2004	Janet Woodcock, M.D. Acting Deputy Commissioner for Operations Food and Drug Administration	Pharmacogenomics and Drug Development
2005	Jerome L. Avorn, M.D. Professor of Medicine Harvard Medical School and Chief of the Div of Pharmaco-epidemiology and Pharmaco-economics, Dept of Medicine Brigham and Women's Hospital	From Clinical Pharmacology to Evidence-Based Prescribing and Drug Policy: Strengthening the Weak Link
2006	Daniel E. Furst, M.D. Carl M. Pearson Professor of Rheumatology University of California, Los Angeles	Developing Anti-Rheumatic Drugs: Asking the Right Question
2007	Paul Watkins, M.D.	Cancelled
2008	Paul Watkins, M.D. Verne S. Caviness Distinguished Professor of Medicine Director, Hamner Center for Drug Safety Sciences University of North Carolina – Chapel Hill	“Why good drugs are sometimes bad for the liver”
2009	Merrill Egorin, M.D. Professor of Medicine and Pharmacology University of Pittsburgh Cancer Center	Oral chemotherapy: Issues that my generation of oncologists never had to think about
2010	Steven L. Shafer, M.D. Professor of Anesthesiology Columbia University Medical Center	How Quantitative Methods can Improve Patient Care: Mathematical Modeling in Analgesia Research

---

---

2011	<p>Nancy J. Brown, M.D.          Chair and Hugh J. Morgan Professor of Medicine          Vanderbilt University Medical Center</p>	<p>Aldosterone: Beyond Conn's Syndrome</p>
2012	<p>Caryn Lerman, Ph.D.          Mary W. Calkins Professor          Department of Psychiatry and Annenberg Public Policy          Center, Deputy Director, Abramson Cancer Center          University of Pennsylvania</p>	<p>Translational Research in Nicotine Dependence</p>
2013	<p>Russ B. Altman, M.D., Ph.D.          Professor, Departments of Bioengineering, Genetics,          Medicine (Biomedical Informatics, General Internal          Medicine) and Computer Sciences          Director, Stanford Biomedical Informatics Training          Program          Stanford University</p>	<p>Systems Pharmacology Methods for Linking          Drugs to Genetic Networks</p>
2014	<p>Evan D. Kharasch, M.D., Ph.D.          Russell D. and Mary B. Shelden Professor of          Anesthesiology          Washington University in St. Louis</p>	<p>Clinical and Translational Pharmacology of          Long-Acting Opioids</p>
2015	<p>David A. Flockhart, MD, PhD          Gladstein Chair in Cancer Genomics          Professor of Medicine, Genetics Pharmacology          Director, Division of Clinical Pharmacology          Director, Indiana Institute for Personalized Medicine</p>	<p>Personalized Medicine: Will We Jump?</p>
2016	<p>Robert Diasio, MD          William J. and Charles H. Mayo Professor          Director, Mayo Clinic Cancer Center          Consultant and Professor of Molecular Pharmacology          &amp; Experimental Therapeutics and Oncology</p>	<p>Dihydropyrimidine Dehydrogenase Deficiency:          Implications for 5-Fluorouracil Treatment</p>
2017	<p>Julie A. Johnson, PharmD          Distinguished Professor of Pharmacy and Medicine          Director, UF Health Personalized Medicine Program,          Clinical and Translational Science Institute          Dean, College of Pharmacy          University of Florida</p>	<p>Improving Patient Outcomes Through          Pharmacogenetics</p>
2018	<p>Andrew Kolodny, MD          Co-Director, Opioid Policy Research Collaborative          Institute for Behavioral Health          Schneider Institutes for Health Policy          Heller School for Social Policy &amp; Management          Brandeis University</p>	<p>Responding to the Opioid Crisis: An Epidemic          of Addiction</p>
2019	<p>Igor Grant, MD          Mary Gilman Marston Distinguished Professor of          Psychiatry          Co-Director, P.I., Coordinating Core, HIV          Neurobehavioral Research Center          P.I./Director, Translational Methamphetamine AIDS</p>	<p>Medicinal Cannabis</p>
