Funding for Attending Conferences

GPHAP has a small budget for student attendance at conferences. We can make this funding available for virtual as well as in-person conferences (in-person conferences for when it is safe to travel). These are small amounts of funding and you must be up-to-date on your co-curriculars and GPHAP courses to be eligible for this funding. The conference counts as a co-curricular, and the co-curricular reflection must be uploaded onto Canvas in order to receive the funding in the form of reimbursement. If anyone has a need for the funding to be provided up front, please reach out to Laura Botwinick at lbotwinick@uchicago.edu. The application for funding is [here](#).
