# CORPORATE TABLING

## What is corporate tabling?

Corporate tabling at the Poster and Performance showcase refers to the practice where various corporations set up information tables at the poster sessions. This is open to both presenters and attendees. The purpose of corporate tabling at Symposium is to provide corporations with the opportunity to interact and network with attendees and student presenters.

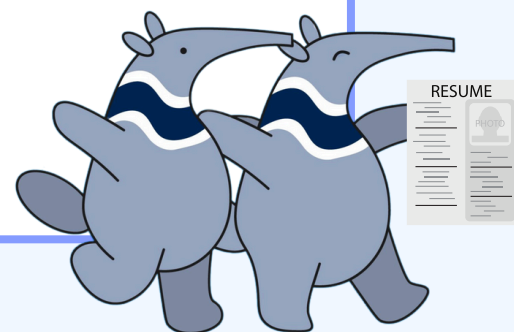

## Why should I interact with representatives at corporate tables?

Networking offers the chance to establish connections and potentially secure future jobs and internships! Keep in mind that some of these corporations may be actively recruiting for their company, so it's essential to be prepared in case they approach you while you're presenting or you visit their table to learn more about their opportunities.

## How do I prepare?

- Dress your best! Business casual attire is recommended.
- Bring copies of your resume or CV to provide to recruiters if requested.
- Research participating corporations in advance to familiarize yourself with their interests (corporate names will be listed on our website soon).
- Create an elevator pitch and practice it with these tips and tricks from the UCI Division of Career Pathways.

**Thank you to our corporate sponsors for making this event possible!**

For Current UCI Students (Non-Presenters)

# POSTER & PERFORMANCE SHOWCASE CONTEST

**\$20 PEET'S COFFEE  
GIFT CARD**
