

Video transcript:

Hi, I'm Mrs. Turner and I'm excited to share with you more about the ELEVATE program.

ELEVATE stands for, **E**nhancing **L**iteracy for **E**nglish Learners: **V**aluing **A**ssets **T**hrough **E**ngagement. Whatever field of education TU's preparing you for, English Learners will be students in your future classroom. **ELEVATE** coursework and workshops will help you to enhance your English Learner Students' language acquisition, social-emotional wellbeing, and literacy skills. The best part of this program: **you can get certified in ESOL** and add the certification to your Maryland Teacher's Certificate.

So, what does the **ELEVATE** scholarship include? **Two fully funded** intensive ESOL courses, offered during the summer, along with **two \$500 stipends**— one for each course you take, book stipends, and stipends for attending workshops on language fundamentals, social emotion learning for ELs and literacy instruction, reimbursement for registration costs for TRE and ESOL Praxis exams and prep modules to help you study.

So, who can apply to the **ELEVATE** program? All education majors entering their Junior year in Fall of 2023 are invited to apply. There's a scannable QR code at the end of this video, where you can find the application.
