

WPI WALL STREET FINTECH PROJECT CENTER

If you want to experience and deliver real world **Tech solutions in the fast-paced **Financial** industry via **FinTech** projects, then this is the MQP for you!**

HEAR FROM RECENT MQP STUDENTS

- **Ethan Merrill – Management Engineering: Operations. Senior 2020**
 - *“The Fintech project center is an excellent way to get exposure to the financial industry and implement a software project in the real world. I would recommend this experience to any business student interested in not only managing a software project, but also working hands on in software development”*
- **Guy Katz - Industrial Engineering. Senior 2020**
 - *“This opportunity allowed me to work on my technical skills in a business environment. MQP felt like a two-month internship”*

PRESENT AND PAST STUDENT FINTECH PROJECT SPONSORS
