Discussion:

Against this event because SGA does not fund any donation materials that are going to be sold.

Outcome: Denied

F.9 Spikeball - (\$350.00)

Purpose of Funds:

The sets will allow us to keep our supplies separate from those located in the Rec Center. The sets in the Rec Center are available to all students, so they are frequently broken or stolen. Also, we are in need of more balls for similar reasons.

Presentation:

Questions:

How many members does this your team have? 100 but 20 members regularly come to the meetings.

How long does this type of equipment last? A while.

Do you have a place where to place them? No, but probably the President will have them.

Do they have a locker in the rec center? Not sure.

Discussion:

For this event because it seems like they need their own equipment now that their a club sport and it protects it from people who don't know how to use it. Seems like it will last for a long time.

Outcome: Passed in Full
